Improvements and Updates to Better Serve the Community

United Community Bank continues to make improvements in order to make banking easier and more convenient than ever. UCB's newest enhancements can be seen at the drive-up facility located at 805 S. Franklin.

The drive-up lanes have been upgraded with new equipment and expanded to now include a fourth lane. A new ATM has also been installed on the north side of the building. The new ATM processes transactions faster than the previous ATM and UCB has even made adjustments to the height of the ATM to make it more accessible and easier for customers to use.

New awnings and a freshly paved parking lot with additional parking spots complete the recent outdoor renovations to UCB. Inside, the bank has increased the number of safe deposit boxes to meet customer needs for safekeeping. The interior of the lobby also has a comfortable new seating area for customers to use while preparing their transactions.

For the month of November, UCB is holding a NEW coat and sock drive. New coats and socks for children K-12 are being collected at both UCB locations in Bunker Hill, 129 N. Washington and 805 S. Franklin, now through

November 22.

UCB is also a sponsor of many events and projects including the annual minute mouse races held each spring to benefit the Bunker
